

ELECTRICIAN'S WANTED

Ekeohm Pty Ltd are seeking NSW Licenced Electrician's to join their expanding team in 2025

Ekeohm are a small to medium sized electrical & communications contracting company seeking to add NSW Licenced Electrician's to our growing team. Our target market is primarily within the commercial and government sectors, with a focus on fitouts, small to medium construction, rollouts and make goods, with occasional minor works for existing commercial clients. Typically our works are located in and around Sydney's CBD and outer suburbs and the greater Sydney metro area. The company has a strong pipeline of work and acquires regular new works through our existing clients, with a plan to expand our pipeline and workforce in 2025.

YOUR character upon application:

- Be a proactive with an ambition to progress your knowledge, skillset and career pathway
- Be honest, trustworthy and reliable
- Be a good communicator face to face, with an ability to communicate effectively via written format also desirable
- Be accountable and punctual with your work
- Be a positive team player who holds a good sense of humour and a willingness to learn, teach workers under your direction and foster a friendly, collaborative work environment

OUR Commitment to you:

- Working in the Sydney Metropolitan area, with a strong pipeline of work currently through and beyond 2025
- Great opportunities for career growth within a growing business
- Great opportunities for both experienced tradespersons seeking leadership roles and newer tradespersons with opportunities for mentorship, training and development
- Excellent rates of pay & working conditions
- Positive team environment and great company culture
- Respectful and encouraging leadership team

If you would like to apply, please email your CV to admin@ekeohm.com with a short statement about what interests you in a role working with ekeohm, and what your character brings to the team
